Elections for SGA are being held Tuesday and Wednesday from 9 a.m.-5 p.m. in the TMB auditorium.

You must have your student identification present to cast your vote. The ballot will consist of SGA Executive Officers, SGA Senate, Mr./Miss Jax State, Mr./ Miss Friendly, and JAX CASH.

At Monday night's senate meeting, Justin Davis presented a Bill to Amend Chapter 704 of the Code of Laws. This amendment will change the homecoming

regulations and will allow candidate campaigning. The bill was highly debated Monday night, and there was a motion to table further debate until next week's meeting. This is a very important bill and the SGA encourages the student body to come to the Senate meeting if they have any questions about this amendment.

Also at the meeting, the SGA congratulated the women's basketball team for making it into the first round of the OVC tournament. Two JSU student athletes came to ask for SGA support at the game. Then President Williams announced that four JSU senators: Justin Lord, Jessica Firestone, Tremaine Kelley, Ken Catoe and Amanda Tucker were elected to offices for Alabama's Collegiate Legislature.

Traffic Court will be held on Monday, March 7. The SGA will be showing Ladder 49 on Tuesday, March 8 in the TMB auditorium at 8 p.m.

SGA Day will be held March 16 at the baseball game between JSU and UAB.

Freshman Forum has been working the whole month of February to help collect used cell phones for Project Valentine. These cell phones will go to patients waiting for organ transplants so they can make that life-saving 911 call for free. They have collected many phones and will soon be traveling to UAB Hospital later this month to distribute them. Also, next Monday, Freshman Forum will be holding an open forum. This is a time where the freshman of JSU can come to the members and discuss things that they feel need to be changed on our campus. Last semester this was a big success. The Forum members in conjunction with the Student Senate got a lot accomplished for the school. The open forum will be at 8 next Monday in the TMB auditorium.
